Old Landmarks Coming Down Boys Club Steering Comm. Holds Organizational Meeting

The two buildings above located at 947 Mass. Ave. will be torn down this spring. Both are over 125 years old. The Cathedral-type door on the antique shop is 150 years old. Over the years the buildings have housed a shoemaker shop, a barber shop, an auto repair shop, and a pool room.

The first formal group organization of the Arlington Boys' Club Building Fund took place on Thursday, January 7, at the Boys' Club with the formation of a Steering Committee comprised of seventy-five members.

Francis E. Kenney, president, presided at the meeting, thanking those present for their obvious interest in the program and briefly reviewing events leading up to the fund raising campaign. Mr. Kenney stressed particularly the opportunity afforded the Town of Arlington to receive a grant of \$300,000 from the Charles Hayden Foundation to aid in the construction of a completely new and enlarged Boys' Club.

President Kenney then introduced Arthur D. Saul, Jr., to the Steering Committee as the general campaign chairman. Mr. Saul in turn expressed his appreciation for the "very apparent enthusiasm that is represented here tonight" and spoke briefly on progress to date in the organizing of the various campaign committees.

The Steering Committee reviewed the complete plan of organization and public relations program that has been prepared and discussed arrangements for a Sponsors Dinner to be held Feb. 9, which will initiate the active solicitation of prospective subscribers.

Those who are presently serving as members of the Steering Committee are:

William C. Adams, Mrs. Milton H. Anderson, Nils G. Anderson, George J. Baratta, Norman A. Belden, Harry C. A. Behr, Warren S. Berg, Dr. Charles W. Blackmon, Rev. George S. Brennan, Archie F. Roger W. Babson Reports on Christianity

BABSON DISCUSSES KHRUSHCHEV AND CHRISTIANITY

"Mr. Babson prepared this for a Christmas Column, but the 1960 Forecast and other things have delayed its publication."

I rather hesitate to write this column because some people may think that I am getting favorable toward Russia; but let me first assure you that I detest many things Russia is doing and was glad to get out of the country. Nevertheless, I can always learn something wherever I go; and from any nationality. Those who keep their eyes shut and their ears plugged are getting more ignorant every day and are only fooling themselves.

WHAT RUSSIANS MEAN BY SAYING THEY ARE "ATHEISTS"

Although I visited a church in Russia where, on the previous Sunday morning, there had been 4,000 people standing or on their knees (these churches have no seats), yet 95% of the one million people in Moscow and the two million in its suburbs will tell you they are "atheists." Some of them say they do not believe in "God"; but the majority will tell you they do believe that Jesus was the "Son of God." They say that Jesus was the great leader and founder of Christianity, just as Buddha was the founder of Buddhism, Mohammed the founder of Mohammedanism, and Confucius the founder of Confucianism.

I am not acquainted with all the church denominations in this country; but I am told that the Unitarian branch and some of the Pacific Coast branches of the Protestant churches may feel about the same toward Jesus as the Russian leaders. (I cannot speak authoritatively on Russia as a whole, as Moscow was the only city which I visited.)

JESUS' SERMON ON THE MOUNT

When I was talking with some prominent Communists in Moscow about Christianity, they first made the point that a very small portion of the Bible consists of Jesus' own words. They realize that the Old Testament is a history of the Jewish People and may be found in many Moscow libraries translated into Russian. They, however, would substitute the teachings of Nikolai Lenin, the founder of Communism, in place of the writings of St. Paul. When a Russian does this, he feels justified in calling himself an atheist, although this is not the description which Webster's Dictionary gives for an atheist.

I had no personal talk when in Moscow with Nikita Khrushchev, the Premier, he being in Peiping at the time; but I met people who claimed to know his thoughts. They told me that Mr. Khrushchev has said that if we Christians in the U.S. followed the teaching of Jesus in the Sermon on the Mount, Communism might have had no opportunity to develop. This is a very important statement to be remembered when we celebrate Christmas as Jesus' birthday.

THE BIG DIFFERENCE BETWEEN JESUS' TEACHINGS AND COMMUNISM

Seldom do I ask followers of my column to read anything; but I do ask you to read today Jesus' Sermon on the Mount (as found in the fifth chapter of Matthew) and relate it to our present mode of life. It agrees pretty well with the Communists' goal of taking care of their less fortunate people and seeing that all are fed, housed, and clothed, and that those who are qualified have a proper education, etc. Jesus also warned against wealth as a handicap to proper living. Certainly, Jesus would heartily approve the desire of President Eisenhower to help backward nations and unfortunate people.

But, Jesus insisted that these changes should come about voluntarily and not by force. The wicked massacres by the Communists in Hungary and other countries, merely to eliminate private property, would certainly be considered outright murder by Jesus. I repeat that Jesus would insist that the reforms be voluntary and that men should let GOD (who, He said, is a Spirit) do the punishing. In order for me to take Premier Khrushchev seriously in his purported "respect for the Sermon on the Mount," he would have to raise the iron curtain full length and stop persecuting any people. HOWEVER, BECAUSE KHRUSHCHEV IS NOT CONSISTENT IS NO REASON WHY WE SHOULD BE LAX IN PRACTICING THE TEACHINGS OF JESUS IN HIS SERMON ON THE MOUNT.

SEWN-UP FOR SPRING

Sew to suit your special interest!

That's the message teen 'sew-it-yourselfers' will find in the January "It's All Yours" issue of SEVENTEEN Magazine, which features a four-occasion wardrobe of Simplicity patterns and correlated fabrics. Including eleven of the newest spring and summer fashions in a choice of 31 fabrics, the wardrobe is designed for dances, 'patio' parties, travel and spectator sports. The simple-to-make patterns spotlight two types of styling: flounced and feminine, seen in tier-skirted dance dresses and party frocks with a 'country' look; and trim and tailored, seen in 'change-about' sheaths for travel and tunic outfits for spectator sports.

For dressy dance, the teen-age girl with a talented sewing machine can stitch up flounce-skirted, snug-bodice designs with a little-girl feeling. For less dressed-up occasions all summer long she might select provincial-print and country-check fabrics in sunny yellow accented with red, and fashion them into whirl-skirted, big-sleeved dresses. Trimmings of braid, rickrack and ruffles add to the authentic "early American" impression.

Since fashion decrees that this is the year of the tunic, a girl can turn her talents to two-piece outfits with belted tunic tops. These are featured in new-looking denims and oxford-weave cottons in no-color plaids, woven stripes and solids. For the confirmed traveler, there are two sheaths which can do duty in a variety of ways. The secret lies in adding or subtracting cape collars, an overskirt and a reversible jacket.

3 Goal Period Sinks Newton Somerville Trips Locals

Arlington high school's hockey team exploded for three last period goals against Newton Saturday afternoon to move three points ahead of second place Medford in the G.B.J. hockey loop.

Newton and Arlington played on even terms for two periods with Newton tallying its lone marker of the game in the opening canto when Dennis Valle scored.

Paul Donnelly scored Arlington's first marker in the second period to even the count.

In the final period the league leaders ran all over the losers. John Morse scored early in the period from out in front of the net and Donnelly tallied his second marker on a rebound.

Morse added his second goal and the fourth of the contest for Arlington with Donnelly and Dave Hourihan getting assists to ice the contest for Arlington 4-1.

To The Editor

To the Editor
Arlington News
Arlington, Mass.

Dear Sir:

It is with a sincere sense of regret that I must announce my decision not to be a candidate for the Arlington School Committee.

Unforeseen commitments have suddenly arisen, and I feel that it would not be wise to undertake this serious community responsibility at this time.

I wish to take this opportunity to express my thanks to all those who have given time and support to my candidacy.

Sincerely,

Alan M. Banks

Plaque Of Dr. Jones Presented To Symmes

A Bas Relief plaque of Dr. Stephen George Jones, long-time resident of Arlington and for 30 years a member of the Medical Staff at Symmes Hospital until his death on April 9 last year, was presented to the hospital at a memorial service held Jan. 19. Dr. Alfred Joseph, President of the Medical Staff, made the presentation to Mr. Donald Nickerson, President of the Board of Trustees.

Dr. Jones was appointed Chief of Staff in 1952. He was a graduate of Andover and Harvard, and the Harvard Medical School. He was a charter member of the American College of Surgeons and was a member of the staff at Mass. General Hospital, Huntington Hospital, Chelsea Memorial, Revere Memorial, Union Hospital in Lynn and Malden Hospital. He was a member of the Mass. Medical Society, A.M.A., Lancet Club and the American Board of Surgery.

Dr. Anthony Colozzi was in charge of arrangements for the ceremony, and graduate nurses who had worked with Dr. Jones were usherettes. Mr. Everett Van Valkenburgh, administrator, was one of the guest speakers and Dr. Lawrence Barber, Pastor Emeritus of Pleasant Street Congregational Church in Arlington, delivered the closing prayer.

Mrs. Donald Nickerson and Mrs. William McCarty were pourers at

the tea which followed, assisted by Mrs. William Pulsford and Mrs. Lawrence Quick.

Invited guests included immediate family and close friends of Dr. Jones, members of the Touch-down Club, the Medical Staff and their wives, Trustees and Incorporators of the hospital, Symmes Alumni Nurses, and Arlington town officials.

The Bd. of Selectmen Monday night appointed Albert Bridgens, 90 Oakland ave., as a member of the Building and Zoning Bds. of Appeals to fill the vacancies resulting from the resignation of Robert W. Blaisdell.

The terms expire April 30 and April 1, respectively.

NEWS VIEWS

Two "Dem" Groups Working

Arlington "Dems" will have two groups of supporters working in their behalf as election time comes closer.

The Civic Association will hold a meeting Jan. 21, while the Town Democratic Committee is expected to meet later in the month, no date yet.

The Civic group, so we hear, may change its name to include the word Democrat which is as it should be.

Both groups are working toward the same goal, naturally, victory for the Democrats.

The only difference between the two at this point is that the Town Committee is state sponsored, while the Civic group is locally sponsored.

Our only remark at this point relative to the Horace Homer for Selectman announcement: How well can a 'behind the scenes' man of previous campaigns do 'on the scene.'

Aloysius Wiseman, a candidate a year ago is the fourth to enter the Housing Authority race. However, from the grapevine it is understood one of the four, William Wettergreen, may withdraw.

Francis Coughlin has taken out papers seeking re-election as Treasurer - Collector and Ann Mahon has taken out papers seeking re-election as Town Clerk.

Robert Wilton and Robert Walsh had taken out papers for the Assessor's post as this paper went to press.

The names of Bryne and Hurd have been mentioned as prospective candidates.

With Leonard Wood not running, a new assessor will be elected for the first time in some years.

Thought for the week-the importance of being an American is emphasized by the fact that all of us if registered voters have the opportunity to seek public office.

Moving off the political scene for a minute--it is understood that the quest for a concern other than a super market to occupy a proposed new building between the Russell Common and the Mass. ave. stores is making little progress.

The Practical Value of Buying where You Live

For instance . . . meditate for a minute on what a comfort it is to have people around you. Particularly people like doctors, plumbers, druggists, firemen, preachers, mechanics, taxpayers, and the like.

These all come with towns. Towns

come with business. Your business. Every nickel you spend in some other town helps to send some of these handy people away from here.

Maybe it even helps to eliminate YOUR job. Certainly it decreases the profits on whatever business you

are in, and reduces the value of any property you may own in this area.

We're social critters, and depend on each other for many things. But when you scratch somebody else's back, be sure he stands where he can scratch yours in turn.

Make your dollars build your community...not somebody else's
